Leamington Peace Festival

WELCOME TO THE 43RD PEACE FESTIVAL

Leamington Peace Festival is back. Reimagined by a new collective of volunteers, campaigners, creatives, musicians, activists and community voices who believe that kindness, connection and collaborative action still matter.

For one weekend, Leamington Spa becomes a space for music, conversation, creativity and hope. A place where different generations, organisations, communities, faiths, and perspectives come together - not necessarily to agree on everything, but to listen, learn and imagine a better future together.

This festival has always been proudly independent. Built by people, not corporations. Powered by volunteers, ideas, energy and community spirit. At a time when division and conflict can feel overwhelming, we want to create something different: joyful, thoughtful, inclusive, hopeful.

Across the weekend you'll find live music, youth activities, workshops, peace talks, poetry, campaigning, global stories and spaces for reflection - all rooted in the belief that peace is something we actively create together, locally, in support of peace globally.

Whether you come to dance, listen, explore ideas, meet new people or simply soak up the atmosphere - you are WELCOME here. Together, WE CHOOSE PEACE!

THE FESTIVAL IS RUN BY VOLUNTEERS

We want it to continue, and if you do too perhaps you could join us?

We always welcome new people and ideas. Come to one of the meetings listed below or contact us: leamingtonpeacefestival2026@gmail.com

THE FESTIVAL WOULD LIKE TO THANK:

The artists, workshop leaders, performers and speakers, the majority of whom have given their time for free. The Volunteers who have worked so hard over the weekend and leading up to the festival for their time and ensuring a smooth running weekend. Dale Street Methodist Church, St Patrick's Irish Club, and Temperance Bar for providing meeting venues, Co-op, Warwick Quakers, BID Leamington, Warwick District Council, Leamington Town Council, CJ Events, and to you for coming. Enjoy!

Ahmadiyya Muslim Association - Love for All, Hatred for None

“

The principle to which we adhere to is that we have kindness at heart for the whole of mankind

Hazrat Mirza Ghulam Ahmad (peace be upon him)
The Promised Messiah

The Ahmadiyya Muslim Association is a global religious community established in more than 200 countries, with tens of millions of followers worldwide. It was founded in India in 1889 by Hazrat Mirza Ghulam Ahmad (peace be upon him), whom the community accepts as the Promised Messiah and Mahdi.

Since its inception, the Ahmadiyya Muslim Community has maintained an unrivalled record of peace and has consistently worked to promote social cohesion and harmony.

The community has been established in the United Kingdom since 1913 and built London's first mosque in 1926 — the Fazl Mosque in Putney. Today, the Ahmadiyya Muslim Association has over 130 branches across the UK.

The community stands for education, integration and interfaith peace. In essence **“Love for All, Hatred for None”** is the unique banner upheld by the Ahmadiyya Muslim Community and a message that we believe is the basis for lasting peace.

“

It is a dire need of the time to respond to all forms of fanaticism and extremism with Islam's true message of peace and harmony.

Since the founder's demise in 1908 we have been led by a series of Caliphs (Spiritual leader), the present being His Holiness Hazrat Mirza Masroor Ahmad. He continues to relay the message of peace to the corners of the earth, a message that has been reflected in action by the community through humanitarian efforts. The members of the community willingly give time and money for relief work even in the remote parts of the globe, to help those in need regardless of creed or colour.

Programme Cover

The programme cover was designed by Maddie McDougall and Olivia Dima who took part in our Generation Peace programme for local primary schools. The aim of the programme is to encourage young people to explore peace, hope and courage through creative activities, designed to build empathy and community pride. Participating schools reflected on the meaning of peace on a personal, local and global level; wrote poetry; designed peace symbols and decorated collaborative school peace flags to celebrate their school values and promote local peace.

Winners:

WARWICK DISTRICT UNITED NATIONS ASSOCIATION

JOIN US IN BUILDING A GLOBAL COMMUNITY CONNECTED
IN PURSUIT OF EQUALITY, SUSTAINABILITY, & PEACE!

Stronger UK. Safer World. Shared Future. War. Climate change. Human rights abuses. Global challenges.

The biggest challenges we face don't stop at borders – and no country can solve them alone. That's why the United Nations matters. And it's why UNA-UK exists.

We are a nationwide movement working to ensure the UK plays a leading, principled role at the UN, championing peace, international law and human rights. We believe Britain is at its best when it stands up for cooperation over conflict, diplomacy over division, and global justice over short-term politics.

Warwick District UNA: What we do.

- **Hold power to account.** We scrutinise the UK Government's international commitments, and push for action that matches its promises.
- **Shape policy.** We provide expert briefings and recommendations to parliamentarians, Select Committees and UN missions.
- **Work across parties.** As secretariat to the All-Party Parliamentary Group (APPG) on the UN, we support informed, cross-party dialogue.
- **Mobilise the public.** We empower people across the UK to speak up for a fairer, more cooperative world.

Why it matters.

The rules negotiated at the UN influence everything, from climate action and humanitarian aid to human rights protections and global trade. A strong international system helps keep us safer, more prosperous and more secure.

The UN Charter begins with three powerful words: "We the peoples." That means all of us.

Please visit our stall to find out how international cooperation affects your daily life, and how you can be part of building a more peaceful, just and sustainable future.

PEACE TALKS

Every year we ask campaigning and charity groups to give a short talks between acts on the Marquee and Bandstand stages. At the heart of the Festival ethos is our belief that we all have the power to make the world a more peaceful and respectful place. There are many different ways to do this; we hope that by listening to the speakers this weekend, and visiting the campaigning stalls, everyone in the audience will find something that empowers and inspires them to actively work towards this. Even if you've never thought of yourself as an activist, just listen and you'll be surprised how much impact just one small act can have.

Heard something that's inspired you? Don't leave it on the grass! Visit the Discussions Tent after each Peace Talk to meet the speakers, ask questions & discover how you can get
